SPEAKERS

Jan Frederik Vink – Kolibri Labels B.V. (NL)

Jan Frederik Vink is the General Manager of Kolibri Labels BV, a label converter with 70 employees, located in 's-Heerenberg (NL). The wide range of self-adhesive labels, serves the retail trade as well as the industrial market. Main markets are Body & Care, Food & Beverage, Stimulants and Security. In addition to Kolibri's custom labels, their website (www.kolibri.nl) offers an on-line label shop. Mr. Vink joined the FINAT board in May 2002 and has been FINAT President from 2007 to 2009.

Jan Frederik Vink has been involved in the development of the FINAT Young Managers Club and he will start the summit with his presentation on partnerships and how to become a global player.

Ronny Leyman – Conlibrio (BE)

Ronny brings over 20 years experience as a leader in organisations and as a management consultant. Ronny likes to find practical solutions and to inspire people. Over the years he has built significant expertise in projects, process and change management and influencing company culture. Within the label industry, he has worked for Cerm and Bopack (strategic thinking and leadership). His slogan: **Never ever give up!**

Interactive Workshop: The Strategy Safari

Strategy making is considered the high point of managerial activity. But bombarded by fads and fixes, most managers have been groping blindly to get their arms around the proverbial elephant. Luckily, Mintzberg, Ahlstrand and Lampel have been able to make a comprehensive overview of the different approaches into ten schools of strategy formation.

The participants will discover each school in a fun, interactive and alternative way and will be invited to reflect upon their own organisation. Which school is being used and does it bring the right value? How conscious are we about the way we develop and deploy strategy? And what should be then, in an ever faster changing world, the ideal strategy school?

Els Maes – Alnus (BE)

Els Maes is a management consultant and the driving force behind Alnus. Alnus provides organizational and operational advice to companies that need a temporary professional. Els has a degree in graphic management, a master in economics and in quality management systems. Before she started Alnus, Els was plant manager of a graphic company, specialized in packaging, during 11 years. Els is strongly committed to the functioning of organizations in which goals, people and processes are central.

During the Summit, she will guide a workshop on the Balanced ScoreCard, also known as Performance Scorecard with a focus on the label printing industry. The balanced scorecard is a strategic planning and management system used to align business activities to the vision and strategy of the organization. It improves internal and external communications, and monitors organizational performance against strategic goals.

1st FINAT YMC Summit 2011
